

L-Cysteine hydrochloride monohydrate, from non-animal source, suitable for cell culture, meets EP, USP testing specifications

L-Cysteine hydrochloride monohydrate, from non-animal source, suitable for cell culture, meets EP, USP testing specifications

Identificativi Prodotto

Reference: C6852-25G

Descrizione

Dati Tecnici

CAS Number: 7048-04-6

Molecular Formula: C₃H₇NO₂S

Purity Grade: from non-animal source, suitable for cell culture, meets EP, USP testing specifications

Molecular Weight: 175.63

Shipped on ICE/no ICE: STD

SAP Pack with Pack Qty: 1X25G
