

Glutaraldehyde solution, Grade I, 25% in H₂O, specially purified for use as an electron microscopy fixative

Glutaraldehyde solution, Grade I, 25% in H₂O,
specially purified for use as an electron
microscopy fixative

Identificativi Prodotto

Reference: G5882-100ML

Descrizione

Dati Tecnici

CAS Number: 111-30-8

Molecular Formula: C₅H₈O₂

Purity Grade: Grade I, 25% in H₂O, specially purified for use as an electron microscopy fixative

Molecular Weight: 100.12

Shipped on ICE/no ICE: DICE

SAP Pack with Pack Qty: 1X100ML

Storage Temperature: -20C
