

Lipopolysaccharides from *Escherichia coli* O128:B12, purified by gel-filtration chromatography

Lipopolysaccharides from *Escherichia coli* O128:B12, purified by gel-filtration chromatography

Identificativi Prodotto

Reference: L2887-10MG

Descrizione

Dati Tecnici

Purity Grade: purified by gel-filtration chromatography

Shipped on ICE/no ICE: STD

SAP Pack with Pack Qty: 1X10MG

Storage Temperature: 2-8C
