

Phloroglucinol, Used to detect the presence of wood fiber.

Phloroglucinol, Used to detect the presence of wood fiber.

Identificativi Prodotto

Reference: P3502-100G

Descrizione

Dati Tecnici

CAS Number: 108-73-6

Molecular Formula: C₆H₆O₃

Purity Grade: Used to detect the presence of wood fiber.

Molecular Weight: 126.11

Shipped on ICE/no ICE: STD

SAP Pack with Pack Qty: 1X100G

Storage Temperature: room temp
