

Taurine, suitable for cell culture, meets USP testing specifications

Taurine, suitable for cell culture, meets USP testing specifications

Identificativi Prodotto

Reference: T8691-25G

Descrizione

Dati Tecnici

CAS Number: 107-35-7

Molecular Formula: C₂H₇NO₃S

Purity Grade: suitable for cell culture, meets USP testing specifications

Molecular Weight: 125.15

Shipped on ICE/no ICE: STD

SAP Pack with Pack Qty: 1X25G
